Revision Date 01/23/2015

Article Number 312

### Section 1. Identification

**Product identifier:** Uncured EPDM Flashing with Tape

- Trade name: Re-Flex Uncured Flashing with Tape, Royal Edge Uncured Flashing with Tape
- Product Code: UTW
- Relevant identified uses of the substance or mixture: Construction
- Details of the supplier of the safety data sheet Manufacturer/Supplier

Roofing Products International, Inc. 57460 Dewitt St. Elkhart, IN 46517-1078 Telephone: 1-574-293-9096

Information Department: Technical Services Department

#### Emergency telephone number

Chemtrec United States 1(800) 424-9300 International 703-527-3887

### Section 2. Hazard(s) Identification

### EU/EEC

According to Regulation (EC) No 1272/2008 (CLP)/REACH 1907/2006 [amended by 453/2010] According to EU Directive 67/548/EEC (DSD) or 1999/45/EC (DPD)

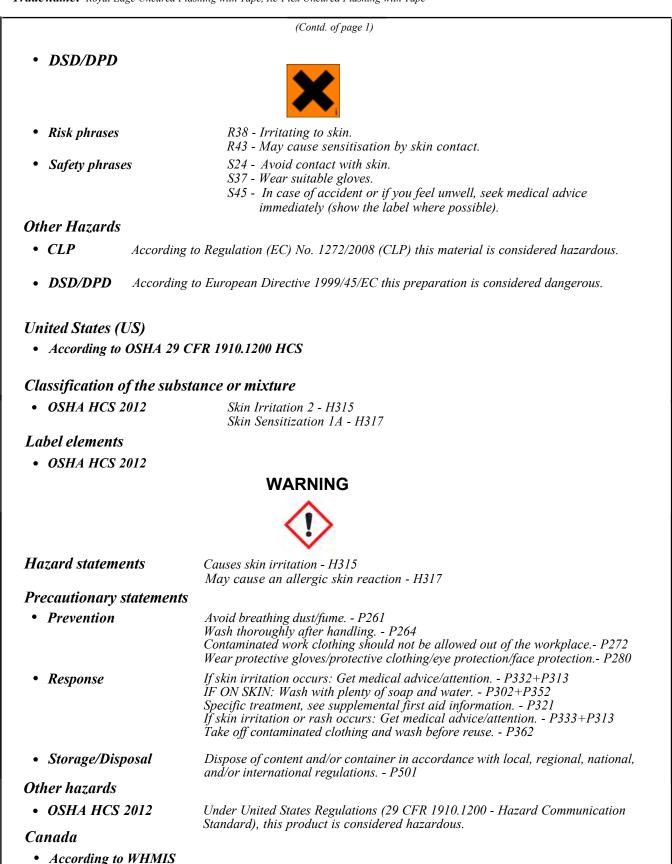

#### Classification of the substance or mixture

• CLP	Skin Irritation 2 - H315 Skin Sensitization 1 - H317
• DSD/DPD	Irritant (Xi) Sensitizer R38, R43
Label Elements <ul> <li>CLP</li> </ul>	WARNING
Hazard statements	H315 - Causes skin irritation H317 - May cause an allergic skin reaction
Precautionary statements	
• Prevention	P261 - Avoid breathing dust/fume. P264 - Wash thoroughly after handling. P272 - Contaminated work clothing should not be allowed out of the workplace. P280 -Wear protective gloves/protective clothing/eye protection/face protection.
• Response	P302+P352 - IF ON SKIN: Wash with plenty of soap and water. P333+P313 - If skin irritation or rash occurs: Get medical advice/attention. P321 - Specific treatment, see supplemental first aid information. P362 - Take off contaminated clothing and wash before reuse.
• Storage/Disposal	<i>P501</i> - Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
	(Contd. on page 2)

Article Number 312

Revision Number 2

Trade name: Royal Edge Uncured Flashing with Tape, Re-Flex Uncured Flashing with Tape

(Contd. on page 3)

Article Number 312

Revision Number 2

Trade name: Royal Edge Uncured Flashing with Tape, Re-Flex Uncured Flashing with Tape

	(Contd. of page 2)
Classification of the s	ubstance or mixture
• WHMIS	Other Toxic Effects - D2B
Label elements	
• WHMIS	Other Toxic Effects - D2B
	$\overline{\mathbf{T}}$
Other hazards	
• WHMIS	In Canada, the product mentioned above is considered hazardous under the Workplace Hazardous Materials Information System (WHMIS).

See Section 12 for Ecological Information.

# Section 3. Composition/Information on Ingredients

### **Substances**

\*

Material does not meet the criteria of a substance in accordance with Regulation (EC) No 1272/2008

Refer to Section 11 for Toxicological Information.

\*

# Section 4. First-Aid Measures

• Inhalation	First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If signs/symptoms develop, move person to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing. If signs/symptoms continue, get medical attention.
• Skin	<i>Remove material from skin with waterless hand cleaners followed by washing with soap and water. If signs/symptoms develop, get medical attention.</i>
• Eye	First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If contact with material occurs flush eyes with water. If signs/ symptoms develop, get medical attention.
• Ingestion	First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If signs/symptoms develop, get medical attention.
Most importa	nt symptoms and effects, both acute and delayed

*Refer to Section 11 - Toxicological Information.* 

### Indication of any immediate medical attention and special treatment needed

• *Note to physician* 

All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Article Number 312

Revision Number 2

Trade name: Royal Edge Uncured Flashing with Tape, Re-Flex Uncured Flashing with Tape

(Contd. of page 4)

### Section 5. Fire-Fighting Measures

#### Extinguishing media

- Suitable Extinguishing Media: Water, foam, dry chemical, carbon dioxide (CO2).
- Unsuitable Extinguishing Media: None known.

#### Special hazards arising from the substance or mixture

- Unusual Fire and Explosion Hazards: Material releases toxic and corrosive gases/vapors when burned.
- Hazardous Combustion Products: Nitrous oxides, sulfur oxides, carbon oxides.

### Advice for firefighters

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. Structural firefighters' protective clothing will only provide limited protection.

### Section 6. Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures

- **Personal Precautions** No special precautions expected to be necessary if material is used under ordinary conditions as recommended.
- *Emergency Procedures* No emergency procedures are expected to be necessary if material is used under ordinary conditions as as recommended. Use normal clean up procedures.

### **Environmental precautions**

No special precautions necessary.

### Methods and material for containment and cleaning up

• Containment/Clean-up Measures: Pick up pieces and place in container or bag for disposal.

#### **Reference to other sections**

Refer to Section 8 - Exposure Controls/Personal Protection and Section 13 - Disposal Considerations.

### Section 7. Handling and Storage

### Precautions for safe handling

• Handling

Do not handle at temperatures in excess of 130° F. Avoid prolonged or repeated contact with the skin. Use good safety and industrial hygiene practices. Product readily removed from the skin with waterless hand cleaners followed by washing with soap and water.

### Conditions for safe storage, including any incompatibilities

- *Storage Store in a cool, dry place. Do not store at temperatures in excess of 130° F.*
- Specific end uses

Refer to Section 1.2 - Relevant identified uses.

(Contd. on page 6)

### **Exposure** controls

- Engineering Measures/Controls Under normal conditions of use, special ventilation is not required.
- Personal Protective Equipment
- **Respiratory** No respiratory protection is required under normal conditions of use.
- *Eye/Face* Under normal conditions of use, eye protection is not required.
- *Skin/Body Wear appropriate gloves.*

Follow best practice for site cleanup and disposal of waste.

### Environmental Exposure Controls

#### Key to abbreviations

\*

ACGIH = American Conference of Governmental Industrial Hygiene

NIOSH = National Institute of Occupational Safety and Health

OSHA = Occupational Safety and Health Administration

STEL = Short Term Exposure Limits are based on 15-minute exposures STEV = Short Term Exposure Value TWAEV = Time-Weighted Average Exposure Value Time-Weighted Averages are based on 8h/day, 40h/

week TWA exposures

# Section 9. Physical and Chemical Properties

### Information on Physical and Chemical Properties

Material Description					
Physical Form	Solid	Appearance/Description	Black solid (EPDM) laminated to tape. No odor.		
Color	Black	Odor	None		
Odor Threshold	None

Flammability (solid, gas)	Not flammable.	· ·	
	Env	vironmental	

#### **Other Information**

No additional physical and chemical parameters noted.

### Section 10. Stability and Reactivity

#### Reactivity

- Chemical stability No dangerous reaction known under conditions of normal use.
- **Possibility of hazardous reactions** Stable under normal temperatures and pressures. Hazardous polymerization will not occur.
- Conditions to avoid Temperatures in excess of 130° F.
- *Incompatible materials No data available.*
- *Hazardous decomposition products Thermal decomposition could produce CO, CO2, and Oxides of Nitrogen.*

Ingestion		
• Acute (Immediate)	Under normal conditions of use, no health effects are expected.	
• Chronic (Delayed)	Under normal conditions of use, no health effects are expected.	

### Carcinogenic Effects

Although this material does contain several components that are either carcinogens or potential carcinogens the material as a whole is not classified as a carcinogen according to regulatory guidelines. The carbon black is encapsulated within the matrix of this material and no exposure is expected. The isoprene and formaldehyde components are both in this material at low enough concentrations that this material is not classified as a carcinogen per agency guidelines.

Carcinogenic Effects					
	CAS	OSHA	IARC	NTP	
Formaldehyde	50-00-0	Specifically Regulated Carcinogen	Group 1-Carcinogenic	Known Human Carcinogen	
Isoprene	78-79-5	Not Listed	Group 2B-Possible Carcinogen	Reasonably Anticipated to be Human Carcinogen	
Carbon Black	1333-86-4	Not Listed	Group 2B-Possible Carcinogen	Not Listed	
Key to abbreviat	ions	SEV = Severe			
LC = Lethal C	Concentration	TC = Toxic Concentration			
LD = Lethal L	Dose	TD = Toxic Dose			
MLD = Mild					
MOD = Moderat	te				

### Section 12. Ecological Information

#### **Toxicity**

- Aquatic toxicity: No further relevant information available.
- Persistence and degradability: No further relevant information available.

#### Behavior in environmental systems

- Bioaccumulative potential: No further relevant information available.
- Mobility in soil: No further relevant information available.

#### Ecotoxical effects

- *Remark:* No further relevent information available.
- Additional ecological information

General notes: At present there are no ecotoxicological assessments.

#### Results of PBT and vPvB

- assessment PBT: Not applicable.
- *vPvB*: Not applicable.
- Other adverse effects: No further relevant information available.

### Section 13. Disposal Considerations

#### Waste treatment methods

#### • Product waste handling

- Recommendation: Dispose of waste product and/or container according to local, regional, state, and national/
- international regulations.
- Packaging waste handling
- **Recommendation:** Dispose of packaging or container according to local, regional, state, and national/ international regulations.
